Dear Link Parents/Guardians:

The Clarkstown School District's health Services Program supports your child's academic success by promoting health in the school setting. One way that we provide care for your student is by performing the health screenings as mandated by New York State.

During the school year, the following screenings will be completed at school if you have not submitted documentation that the screenings were completed by your healthcare provider:

Vision

Distance and near acuity screening for all newly entering students and students in Kindergarten and grades 1, 3, and 5.

Hearing

Hearing screening for all newly entering students and students in Kindergarten and grades 1, 3, and 5.

Scoliosis

Scoliosis (spinal curvature) screening for all female students in grade 5.

A letter will be sent home if your child needs follow-up with your healthcare provider. Please call our school's Health Office (624-3494 x 4505) should you have any questions or concerns.

Thank you,
Link Health Office
