**FAFSA IS THE KEY THAT OPENS THE DOOR TO FINANCIAL AID**
FAFSA – What is it?

• FAFSA stands for the “FREE Application for Federal Student Aid.”
• It is the form that the federal government uses to determine your eligibility for federal aid, including grants, scholarships, work-study, and loans.

FAFSA-Eligibility

• U.S. Citizen or eligible noncitizen
• Have a valid social security number
• Be enrolled or accepted in a degree program
• Maintain Satisfactory Academic Progress in College
• Have a high school diploma, GED or have been homeschooled in a setting approved under state law.
## How It Works

Using the information you supply on the FAFSA, the federal processor determines:

- **Expected family contribution (EFC)** - the amount of money you and/or your parents can be expected to contribute to your college costs. The EFC figure which is calculated by the Federal Government takes the size of family, number in college, parent and student income & assets into consideration.

- Dominican College will then try to meet your need through a financial aid package which can include funds from federal, state and institutional resources.

  Financial Need is Based on the following Equation:

  \[
  \text{Cost of Education} - \text{Expected Family Contribution (EFC)} = \text{Need}
  \]

## FAFSA

### Tip 1

- The FAFSA is now available **October 1st** of each year
- Dominican College’s school code is 002713
- Complete the FAFSA on the Web at [www.fafsa.gov](http://www.fafsa.gov)
- Students and parents must each obtain their own FSA ID and Password which serves as their electronic signature.
**FAFSA Tip 2**

- Use prior-prior year income information on FAFSA. (i.e. use 2019 income information on the 2021-2022 FAFSA)
- *Best to link directly to IRS Data Retrieval tool from FAFSA.*
- Use the name listed on your social security card-Dept. of Education performs a data match with the Social Security Administration.
- If you are not required to file a tax return, you are still required to report income received to financially support yourself in.
- If student is living with both biological parents in the same household, but they are not married, both parent’s income is required on the FAFSA.

**FAFSA Tip 3**

- If a parent is divorced/separated only the custodial parent’s income is required on the FAFSA.
- If the custodial parent is remarried the step-parent’s income must be provided as well.
- Do not submit your tax return and/or W2 form with the FAFSA application.
- If you are selected by the Federal Government for a process known as verification, the Financial Aid Office will request these documents at a later time.
FAFSA Tip 4

• If you are residing with a Legal Guardian do not report that person’s income on the FAFSA.
• Submit the FAFSA whether or not you think you qualify for aid.

FAFSA Tip 5

• Read your Student Aid Report (SAR) carefully.
• The SAR is your official record that the federal processor received your FAFSA.
• If there is missing information on your application your financial aid eligibility may not be able to be determined until corrections are submitted to the Federal Student Aid Center.
• Each transaction allows for 10 schools to be listed
• If applying to over 10 schools, once the FAFSA is processed (Student Aid Report-SAR) received, Go back in to the FAFSA and make a correction. Delete schools and add additional schools
• ***Any correction made requires an electronic signature by both parent AND student.
